SAN DIEGO, CA – Oct. 9, 2013 – Seacoast Commerce Bank (OTCQB: SCCB) today announced that it has surpassed \$500 million in Small Business Administration (“SBA”) loan funding since the inception of its SBA lending department four years ago.

David Bartram, Chief Operating Office and SBA Division Manager commented, “We launched the SBA division in late 2009 with the intent of providing loans to small business owners to purchase, build, or refinance real estate for their businesses. Since that time, we have been successful at growing our operation from a small office in San Diego to offices throughout the Western United States, and just surpassed \$500 million in loans funded. We would like to recognize Group-A Autosports, Inc., from Norco, CA, for being our \$500 millionth borrower, and wish them much success going forward.”

David W. Hsu, President of Group-A Autosports, Inc. stated, “We are honored that Group-A Autosports could be a part of Seacoast Commerce Bank's milestone achievement. Truly, it has been a pleasure working with Chris Spivey and the Seacoast team. Of all the banks we talked with, Seacoast was the only bank that was able to underwrite our loan quickly, and at a competitive rate. Given the complexity of the deal and the logistics, I was thoroughly impressed with how professionally and smoothly the process went. Seacoast Commerce Bank has certainly earned our trust as well as the future business of our rapidly expanding company.”

Richard Sanborn, President and Chief Executive Officer added, “We are very excited to have surpassed such a high benchmark in loan funding's. We know the money we lend to small business owners is helping them achieve their dreams and grow their businesses, which in turn is helping to grow our recovering economy. We wish Mr. Hsu and his company much success in the future and are very pleased we were able to provide the financing needed to assist with their growth plans.”
